PEPSIN,

The True Digestive Fluid, OR GASTRIC JUICE.

Prepared from Human, or the Fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by

J. S. HOUGHTON, M. D., PHILADELPHIA, PA.

THIS is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, General Debility and Nervous Consumption, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve *Five Farad's Root Beer* in about *ten* hours, out of the stomach.

SCIENTIFIC EVIDENCE.—Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucus membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the quantity of the Gastric Juice is a prominent and all-pervading cause of indigestion in London, who was severely afflicted with this complaint finding everything to fail, had recourse to the Gastric Juice obtained from the stomach of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact, in Physiology, that without stomachic fluids, man cannot live, inasmuch as he did the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no case different from the natural digestive process."

Dr. Bland's great work, the "Chemistry of Man," (Lea & Blanchard, Phila., 1846, pp. 321-2) says: "The discovery of Pepsin forms a new era in the chemical history of Digestion. From recent experiments, we know that food is dissolved or rapidly in an artificial digestive fluid prepared from Pepsin as it is in the natural Gastric Juice itself."

Professor Broughton, of the Jefferson College, Phila., in his great work on Human Physiology, devotes more than fifty pages to the examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says "digestion occurred as perfectly in the artificial as in the natural digestive process."

For further proof of the remarkable merits of this discovery, call at the following places in Hannibal and get a descriptive sheet and where the article can be had: T. E. Brunsdon & Son, N. P. Kunkle & Co. Messings & Innes, St. Louis.

A FARM FOR SALE. I WISH to sell the farm on which I reside, situated in Pike county, 4 miles south-west of Spencerburg 24 miles from Hannibal and 22 miles from Louisiana. The tract contains six hundred acres—about an equal quantity of prairie and timber—one hundred and fifty acres under fence, one hundred of which is in cultivation. There is a comfortable brick dwelling house, good barn, stables, corn cribs, &c.; a spring of good water, within forty steps of the house; also, an abundance of stock water, for any amount of stock. Being situated on the edge of the Grand Prairie, it would make one of the best stock farms in the country. I will sell a great bargain in said farm, if application be made to me soon, on the premises.
